Host

www.myix.my

The Malaysia Internet Exchange ("MyIX") was established in 2006 by the Government of Malaysia and the Malaysian Communications and Multimedia Commission ("MCMC"), in partnership with 16 ISP (Internet Service Providers) to operate Malaysia's first neutral Internet Exchange ("IX"). MyIX is one of regional largest non-profit IX operated & managed by the local ISP consortium. Currently hosting 93 members comprises of local ISP, foreign ISP, domestic & international content providers exchanging more than 300Gbps of traffic.

** **A Member of APIX**

www.mynog.org

The Malaysia Network Operators Group (MyNOG) is an initiative to bring together network operators in Malaysia to encourage sharing of knowledge, learning and co-operation among fellow counterparts. The main objective is to build a forum to discuss operational issues and technologies of interest among the network operators in Malaysia.
